EDUCATION

B.S. Computer Science, Minor: Leadership, Graduated December 2012
Virginia Polytechnic Institute & State University (Virginia Tech), Blacksburg, VA

LEADERSHIP EXPERIENCE

Product Manager, Platform One, DoD DevSecOps Initiative (Feb 20 – Aug 20)
Responsible for the product, vision and roadmap for integrating and supporting the open source chat, file share, and video capability on behalf of the DoD using Cloud Native Computer Foundation compliant DevSecOps technology. Led a team of eight personnel (engineers, DevOps, designer) that stood up in response to COVID-19, onboarding fifty thousand users in less than two months. (<https://p1.dsop.io>)

Cyberspace Planner, Marine Forces Cyberspace Command (Jul 18 – Current)
Responsible for middle to long term planning for cybersecurity issues, information technology development, software security, and network security architecture. Planned and coordinated the transition from legacy Marine Corps boundary security to DISA's joint security architecture, saving the Marine Corps \$23.2 million dollars in intrusion protection system spending. Directly responsible for inaugural Marine Corps Agile/DevOps Task Force, integrating five different organizations into one.

Battalion Assistant Operations Officer, 7th Communication Bn. (Nov 17 – Jul 18)
Ensured planning and operations of the Battalion were successful in conjunction with Operations Officer. Directly oversaw Systems, Planning and Engineer (SPE) cell, operations cell, and two company operations sections.

Communications Platoon Commander, 31st Marine Expeditionary Unit (Nov 16 – Nov 17)
Commanded a highly motivated, cross-functional team of 55 communications Marines, and was directly responsible for their well-being, training, and operational employment. As a team, supported the communication needs for 2200+ members of the 31st Marine Expeditionary Unit.

Company Operations Officer & Executive Officer, 7th Communication Bn (Nov 15 – Nov 16)
As Operations Officer, responsible for the operational planning and execution of communication training and exercises. As Executive Officer, responsible Administrative and training readiness of 150+ members of company.

Platoon Commander, 7th Communication Bn (Apr 15 – Nov 15)
Commanded a platoon of 37 Radio and Satellite Marines. Maintained the accountability and operational readiness for \$17 million dollars of communications equipment.

PERSONAL AWARDS

Navy & Marine Corps Commendation Medal
Awarded for meritorious achievement and excellence in team building and leadership, holding six different billets across 11 multinational training exercises and two deployments from 2015-2018.
